

When you ever talk to me, I'll be there.  
You may not know it, but I'm already  
so much better than you are. You'll  
be better than I can be. I can  
be anything you want to be.  
You're not even close to being  
as good as I am. You're not even  
close to being as good as I am.  
You're not even close to being  
as good as I am. You're not even  
close to being as good as I am.

When you ever talk to me, I'll be there.  
You may not know it, but I'm already  
so much better than you are. You'll  
be better than I can be. I can  
be anything you want to be.  
You're not even close to being  
as good as I am. You're not even  
close to being as good as I am.  
You're not even close to being  
as good as I am. You're not even  
close to being as good as I am.
